Medium Blog - @stellacherotich

SUMMARY

Highly motivated and detail-oriented Data Scientist with a strong background in Python, SQL, and machine learning. Skilled in statistical analysis and data visualization, adept at transforming complex datasets into actionable insights to drive business growth. Proven ability to develop and deploy predictive models, coupled with a passion for problem-solving and a commitment to delivering high-quality results.

EXPERIENCE

01/2024 – 04/2024

AFTERWORK – NAIROBI
Curriculum Engineer Intern
- Developed interactive curriculum for data-related courses, utilizing Python and SQL.
- Monitored and analyzed curriculum effectiveness using metrics, improving learning outcomes by 40%.
- Led community workshops, resulting in participants achieving learning outcomes with an average rating of 9.3 out of 10.

08/2023 – 01/2024

FREELANCER – REMOTE
Junior Data Scientist
- Managed multiple data science projects, ensuring timely delivery and achieving 100% client satisfaction.
- Developed custom predictive models tailored to client needs, leading to a 15% improvement in operational efficiency for clients.

EDUCATION

2017 – 2021

RITSUMEIKAN ASIA PACIFIC UNIVERSITY (JAPAN)
Bachelor of Science, Environment and Development

CERTIFICATES

2023

DATA SCIENCE NANODEGREE
Moringa School

SKILLS

- Git and Version Control
- Python
- Structured Query Language (SQL)
- Statistical Analysis
- Machine Learning
- Communication
- Leadership
- Collaboration
- Project Management
- Problem Solving
